Dear Sir,

In enclosing a statement of persons whose names may be considered for nomination to the Honnali Town Municipal Council to be newly constituted from 1-7-49, I write to state that the result of election appears to reflect almost exactly the population figures of the various major communities according to the last Census figures as noted in the margin Pepresentation by nomination would in the circumstances be needed normally only among the minor communities such as Bestas, Darjis etc As however there do not appear to be suitable persons in most of the minor communities nomination of a person from the largest single community may have to be thought of A name from among the Depressed classes has been suggested but he appears to be not quite literate There do not also seem to be any others in that community who may be deemed suitable from the property and educational stand point

| Community | Population | No Elected |
|---|---|---|
| Kurubar | 1,650 | 7 |
| Mahomedans | 1,091 | 4 |
| Lingayets | 801 | 3 |
| Brahmins | 350 | 1 |

In the light of these facts, I would recommend Sl Nos 1,2 and for consideration for purposes of nomination to the Council

Yours sincerely,
